Pretty Princess

Cut along dotted line

Unlike the other people of Sparkleto-
pia, Pretty Princess was born with a
level head on her shoulders. She loves
her kingdom and looks forward to
becoming its ruler one day... but it
sure is one silly place. Pretty Princess
is honorable, fair-minded, and
forthright and she's got spunk to
spare. But she was raised entirely
within the confines of the royal estate,
and so when this normal, thoroughly
admirable Princess sets foot in her own
kingdom for the first time she
discovers how incredibly, almost
impenetrably silly the place is.
