

OUTDOOR GAMES

STEAL THE PIZZA

YOU'LL NEED:

A large open space outside

player to serve
as a referee

2 equal teams

small object
to attach the
"pizza" to

Cut out the pizza
at the bottom of
this page.

HOW TO PLAY

The two teams line up about 20 feet apart and face each other. The "pizza" is placed in the center of the space. Each team member counts off so that each player has a number, matching another player on the opposing team, and must stand directly across from that player. The game begins when the referee calls out one of the numbers. The two players that have that number rush to the "pizza" and try to bring it back to

their own team. Once one of the players grabs the "pizza", the other player must try to tag them before they can get back to their spot in line. A player who is able to bring home the pizza scores 1 point for their team. If they are tagged however, no points are scored. The first team to reach a predetermined number of points wins the game.

Attach it to a small object
that is easy to hold.
