

OUTDOOR GAMES

DOWN, DOWN, DOWN

YOU'LL NEED:

A large open space outside

A Ball

2 or more people

The winner receives the Winner prize ribbon and the second to last player receives the 2nd place ribbon!

HOW TO PLAY

Start the game by throwing the ball from one person to the next until somebody drops the ball. When a player drops the ball, the person who threw the ball calls out, "Down on one knee!" The player who had dropped the ball must then kneel down on one knee and continue the game from that position. If a person is on one knee and drops the ball another time, then the thrower calls out, "Down on both knees!" If they drop the ball another time, the thrower calls out, "Down on one elbow!" and the final time is "Down on both elbows!" After that, that player is out of the game. The last person remaining is the winner!
