## **VIOLET**

Violet Heaslip is Becky's best friend in the whole world. They met in Art Appreciation Class (after Becky failed art class 3 times in a row). Where Becky lacks creativity, Violet is an artistic genius (later in life she'll win a Pulitzer Prize for poetry). Violet spends her time daydreaming and lost in thought. Violet is kind and caring and perhaps a little absentminded...like when she crosses the street. She has a unique perspective on the world, which might be why Becky gets along with her so well.
