Wetorfa Best

Victoria Best is Becky's over-achieving classmate. Her last name says it all—she would tell you that she is the very best...at everything!

Constant prodding from her parents encourages Victoria to stop at nothing when it comes to bringing home a trophy or being declared the winner. With her magical recorder, she's able to hypnotize people and take things right out of their hands, often times causing chaos in her path. It bothers Victoria to no end when she hears people talking about WordGirl, the BEST superhero in the city.
